

## Air Filter

# C 15 300/3

Available

### About this item

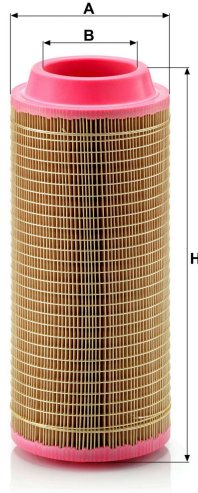

High-quality MANN-FILTER air filters for clean air intake and optimum protection for your engine, mass air flow sensor & other sensitive components / They meet requirements of modern engine technology. Highest dirt holding capacity and dirt separation efficiency, low flow resistance and high pleat stability ensure functional reliability during the entire service interval.

- A = 151 mm; B = 89 mm; H = 360 mm
- secondary element [CF 300](#)

GTIN Code: 4011558021054

## ∨ Legal Information

SVHC declaration according to the regulation EC 1907/2006 concerning the Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH).

### Product: C 15 300/3

**MANN+HUMMEL** is well aware of *REACH* and meets all legal obligations under this regulation.

MANN+HUMMEL has established internal processes to ensure implementation and compliance with the REACH Regulation. Especially, we continuously work on the assessment of the presence of SVHC (Substances of Very High Concern).

We may inform you that according to the present level of information and best knowledge, this product does not contain any SVHC listed on the Candidate List in a concentration above 0,1% (w/w).

Last update: 2025-09-19 00:00:00

Safety notice: Filters and similar components must only be installed by persons with relevant mechanical knowledge and experience, see IEC 60417 - 6183
